DEEP VELVET BLUE

»STELLA SILK COLLECTION
Design: koziol werksdesign

Das blaue Wunder. Deep Velvet Blue gibt jetzt den Ton an und ist überraschend wunderbar. Ein kleines Stück Luxus, schön wie ein Sternenhimmel, der zum Träumen verführt. Das sanfte Blau wird, monochrom eingesetzt, zum mutigen Statement und gibt einen eleganten und modernen Look.

There's something magical about the blues. And **DEEP VELVET BLUE** sets a surprising, marvelous stage. A little bit of luxury, as enchanting as a starry, starry sky and the dreams it conjures up ... Starring solo and monochrome, our gentle blues make a strong statement in elegant, modern looks.

DESIGN

Alessandro Mendini, Milano

Alessandro Mendini ist Architekt und zählt zu den bekanntesten italienischen Designern. Er ist wichtiger Theoretiker und Impulsgeber des Avantgarde-Designs in Italien, nicht zuletzt auch durch seine Tätigkeit als Chefredakteur und Herausgeber der Magazine Casabella, Modo und Domus. Neben berühmten Bauwerken wie das Museum in Groningen und der Paradise Tower in Hiroshima, entwickelte er zahlreiche richtungsweisende Designobjekte.

The architect Alessandro Mendini also ranks among Italy's best-known designers. With his theories and ideas, he has seminally shaped avant-garde design in Italy, not least in his capacity as publisher and editor-in-chief of the magazines Casabella, Modo and Domus. Alongside famous buildings like the art museum in Groningen and Paradise Tower in Hiroshima, he has developed numerous trailblazing product designs.
